

Notes:

1. This identification survey has been prepared for the private use of Mrs R Knight for certification discussions with Urella Shire Council. For any other use of the diagram, express permission must be sought from this office.
2. The location of the boundaries is an opinion based on the current available facts. No responsibility can be taken for changes in boundary locations which may occur due to subsequent surveys of adjacent lands. Lodging a plan of redefinition with Land Registry Services would resolve boundary anomalies, however not warranted for the purposes of this survey.
3. Date of survey 06.11.2023
